

Order Now To Maximize Your Tradeshow Participation

Lead retrieval can be used to collect electronic information of attendees that visit your booth. Custom survey questions are available, additional fees may apply. Use the link provided to place your order.

Mobile Lead Retrieval App

\$450 **3 Activations**
iPhone*, iPad*, Android*

Capture leads on your own smartphone anywhere. Either scan the QR code on the badge (if applicable at your show) or enter in a Badge ID. Works with iPhone, iPad and Android devices. All leads captured are consolidated across your devices in a single download.

Additional Activations for \$150/device

Blackberry/Windows version not available.

Data rates apply for all data synchronizations.

Activations are non-transferrable

*iPhone 4 or higher; IOS 6 or higher, Android 4.0 or higher.

Tablet Lead Retrieval

\$350 **1 Activation**
Tablet Included

The same lead retrieval application on a 7 inch Android tablet with long battery life. Either tap the RFID encoded badge, scan the QR code on the badge (if applicable at your show) or enter in a Badge ID. All leads captured are consolidated across your devices in a single download.

High resolution camera for optimal scanning.

Leads uploaded and available via secure website within 48 hours of show floor close.

Lead upload only supported in limited wireless areas.

Over 800 thousand leads captured.

Be more effective.

Custom surveys are available prior to deadline to gather valuable attendee feedback.

For inquiries post deadline, please contact sales department.
